Kitakyushu Robocare Center opens

CYBERDYNE, INC. [President and CEO: Yoshiyuki Sankai, (“CYBERDYNE”)] in coordination with Educational Institution Kokusai-gakuen [Representative: Akihiko Mizushima], and the CYBERDYNE’s subsidiary Oita Robocare Center, announced to open Kitakyushu Robocare Center in Kitakyushu City, Fukuoka prefecture.

Similar to other Robocare Centers, Kitakyushu Robocare Center will utilize CYBERDYNE’s Robot Suit HAL, a device that is activated by the intended motion of its wearer, to offer the state-of-the-art HAL FIT training program. The HAL FIT program is an advanced training program for visitors with disabilities or physical weaknesses. Kitakyushu Robocare Center will become the 10th Robocare Center to offer this advanced training program, following facilities like Okayama Robocare Center (opened May 23), Sendai Robocare Center (opened May 24) and Hiroshima Robocare Center (opened July 1). For the HAL FIT program offered in the related Robocare Centers, some private insurance contracts^{*2} and shareholder benefits^{*3} can be used. Upon using the aforementioned scheme, there are certain conditions, which would be applied, so please check the appendix for the details.

The Company will continue to expand its business in order to improve access by the potential visitors. Through this endeavor the Company hopes to make contribution in the formation of a society where people with disability and elderly could continue to have initiative in their action.
